

MISSION READY

Adaptable for Solving the Most Demanding Global Challenges

OVERVIEW

DENALI Aviation Solutions LLC (DAS) provides best-in-class global compliance and delivery with an unparalleled ability to localize capabilities and transfer knowledge to offer solutions across the entire spectrum of complex aerospace manufacturing, services, and precision logistics. Our differentiated approach rests on the ability to understand and deliver program requirements along with enabling industry localization and human capital development while remaining on schedule and within budget.

PERFORMANCE HIGHLIGHTS

Prototype Integration Facility (PIF-3) Single Source IDIQ (\$4.5B Ceiling): Support the PIF's current operations, prototype development, modifications & upgrades, sustainment and bridging of technology gaps with delivery of hardware, software, and services. The PIF concept focuses on assembling and integrating Government and industry expertise to support customer-funded requirements.

CORE CAPABILITIES

The Denali Aviation Solutions Advantage

A History of Service ...

The DAS Leadership and Members have a deep history of military service across the Middle East and North Africa from the Gulf wars to the present serving side by side with Allies across the armed services

A DNA Designed to Deliver Impact ...

- Denali Aviation Solutions Co-Founder Astrolabe has delivered +2,000 local jobs, +50 TAAs (including marketing TAAs) authorizing self-performance in maintenance & repair, embedded flag officers and personnel for on-the-job support, F-16 pilot training, engineering support, capabilities-based assessments, compliance and risk management frameworks.
- Denali Aviation Solutions Co-Founder Yulista has a +5 years performance across MRO in the Middle East alone and has a multibillion-dollar global business spanning the United States and 32 other countries.
- Both Co-Founders have a track record of delivering industry development, while Yulista's primary purpose from the outset is to provide economic benefits to its ultimate shareholders, Alaska's Natives.

Large Business Strength with Small Business Values
